

**Robyn Steller Foundation
Grants 2005-06**

The Robyn Steller Foundation was created after Robyn's death in May 2005 as a tribute to her dedication to protect Monga Forest; and to receive all funds raised from sales of Monga intacta to provide funding for further conserving native forests in South East New South Wales.

The Foundation is now seeking applications to fund projects that seek to protect or conserve native forests, specific areas of native forest or native flora or fauna in the South East NSW region.

3 grants are available for the 05/06 funding year - one of \$5,000, and 2 of \$2,000.

Amount sought from Robyn Steller Foundation (GST Exclusive):

*Individuals and organisations conducting a business with an annual turnover of more than \$50,000 and non-profit organisations whose turnover exceeds \$100,000 are required by taxation law to be registered for Goods and Services Tax (GST). Robyn Steller Foundation Grants are not gifts but payments made in exchange for a supply of goods or service (i.e. the obligations outlined in the grant application/agreement). The grant recipient is therefore considered the "supplier" according to the taxation system. Individuals or organisations registered for GST must pay GST equal to 1/11th of the payment. The grant amount will therefore be adjusted or "grossed-up" to cover the GST component. If you are not required to be registered for GST, you do not have to pay GST on any supplies you make in exchange for a grant.
